

Technology Demonstration Proposal

Thank you for your interest in the SoCal Edge initiative. Please complete this short questionnaire to outline your proposed demonstration project. If your technology is selected for inclusion in SoCal Edge, the LABBC will contact you to discuss a formal Partnership Agreement. If you have any questions, please contact info@la-bbc.com.

Summary of Features & Benefits:

Sloan's innovative hybrid urinals, featuring patented technology from Falcon Waterfree Technologies, don't require water after each use, and there's no need for manually cleaning the housing and drain line. The combination of a world-class patented urinal
Expected savings: 99-100% Water Savings compared to any flush urinals

Measurement & Verification process: Product itself operates independently of users &

Ideal Building Type: Any commercial institution

Minimum Building Size (If Applicable):

What equipment /system is the demonstration project replacing or augmenting?
Urinals

Demonstration Area / Square Footage Requirement (If Applicable):

Number of Units (If Applicable):

Duration of demonstration (If relevant):

Cost of demonstration: TBD

Will a manufacturer's rebate be offered for projects that scale up? Yes No

Who is responsible for the installation? We can help coordinate and guide customer:

Does the owner keep the equipment at the end of the demonstration? Yes No
