

The Advanced Prototyping Center

AT **LA KRETZ INNOVATION CAMPUS**

MEMBERSHIP LEVELS

Join a community of doers at the Advanced Prototyping Center (APC) at La Kretz Innovation Campus in the Arts District of Downtown Los Angeles. The APC is an all-in-one innovation center: design, build, test, certify and manufacture your project under one roof, in a safe and reliable IP neutral platform. Membership brings you access to cutting edge equipment and an impressive array of the latest software, tools, labs, and shops. Expand your capabilities: work better, smarter and faster.

BASIC Available March 1, 2017 **\$250 per month**

At the Basic Level, members have access to full modeling & simulation software and rapid prototyping capability. This membership is ideal for those who are looking for a makerspace experience.

Digital Prototyping Lab Sponsored by **AUTODESK** and **DASSAULT SYSTEMES**
Electronics Lab Sponsored by **NATIONAL INSTRUMENTS** • **3D Printers (Small)**
Laser Cutter (Small) • **Cut & Sew Lab** • **Large Format Printers** • **Meetup Space**
Planned: Wood Shop.

INTERMEDIATE Available April 1, 2017 **\$500 per month**

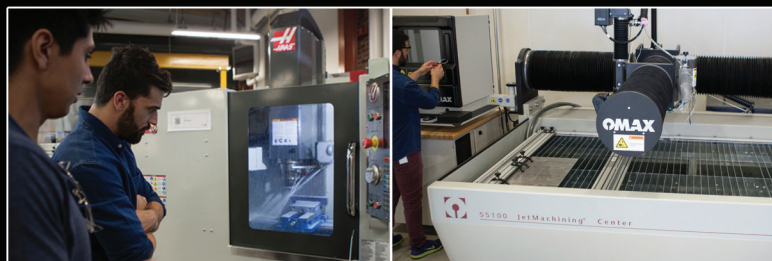

This level of membership provides access to all Basic Level capabilities and adds full biology and chemistry labs. Professional-grade 3D printers, a laser scanner and measurement assurance technology further expands your prototyping potential.

All Basic Level Access PLUS
Material Working Center • **Welding & Finishing Shop** • **Small CNC Mill & Lathe**
3D Print Shop (Large) • **Laser Cutter (Large)** • **Wet Lab** Sponsored by **EMD MILLIPORE** and **EPPENDORF**
3D Scanning & Measurement Sponsored by **FARO** • Planned: Wireless Lab.

ADVANCED Available June 1, 2017 **\$1000 per month**

Includes all Basic and Intermediate Level privileges, plus full use of all the tools and capabilities the Advanced Prototyping Center has to offer. In addition to CNC and Waterjet machinery, members will soon have access to a robotics center and an assembly area.

All Basic and Intermediate Level Access PLUS • **Large CNC Mill & Lathe** • **Waterjet Center**
Planned: Robotics Center and Cell Lab & Clean Room.

Bring your innovation to life at the Advanced Prototyping Center. Sign up for our newsletter and arrange for a tour by calling **213 358 6501** or email us at prototype@laci.org today. You can apply for membership at <http://bit.ly/2dkMW6S>

LEARN MORE AT **www.prototype.la**

Major funding for the Advanced Prototyping Center was provided by City of Los Angeles, the Los Angeles Department of Water & Power, and The U.S. Economic Development Administration.

All applications for membership subject to approval by the APC.
