Applications open for LACI’s Incubation Program

We are looking for the first cohort of the new Incubation Program launching in 2020.
Los Angeles Cleantech Incubator (LACI)’s mission is to create an inclusive green economy by **unlocking innovation, transforming markets, and enhancing community.**

LACI hosts a suite of programs delivering benefits to startups and small businesses in Southern California. **We are currently recruiting for our new Incubation Program for 2020.**

<tbody>
<tr>
<td>Impact-focused accelerator for small businesses</td>
<td>Light-touch network access program for clean energy and zero emissions mobility innovators</td>
<td>Hands-on incubation services for supporting cleantech startups in Southern California</td>
<td>Large scale pilot program for scaling cleantech startups in Southern California</td>
</tr>
</tbody>
</table>

We work with the goal of helping **startups raise outside funding** and gain traction in the market.

- Eligible up to $20,000 in funding for small-scale pilot deployment
- Up to $160,000 in business services and perks
- Access to LACI funding opportunities: Impact Fund and Debt Fund

Applications **open until January 19, 2020**

- 2 - year program starting March 2020
- Pre-Seed & Seed stage startups in Southern California with a working prototype

**Cost to participate is a 1.5-3% equity stake in the form of a warrant.**
INCUBATION PROGRAM

2020

6-months

March - September 2020

Develop essential business deliverables and strategy through expert workshops, advisory sessions and curriculum exercises.

ALL SESSIONS HELD AT LACI

Market Readiness

- Product Roadmap
- Sales & Marketing
- Market Landscape

Investor Readiness

- Financial Preparation
- Sources & Instruments
- Pitch & Storytelling
- Investor Relations

2021

18-months

September 2020 - March 2022

Achieve milestones set in Program Roadmap by capitalizing on key benefits, program perks, ecosystem engagement and LACI support.

- Fundraising: preparation and execution of raising outside capital
- Pilots: pilot preparedness and opportunity for small-scale pilot project
- Market Access: engage with public stakeholders, industry partners and mentors
- Product Development: finalize product development and roadmap
- Operational Growth: grow team and operations in Southern California

Startups must commit to attending all sessions during the first 6-months.
ADVISORY SERVICES

- **Dedicated Executive in Residence (EIR)** to serve as business mentor and coach, helping define business milestones and engagement roadmap and access to **Industry Advisors** for additional industry-specific mentorship and connections.

- **Public Relations** support for key milestones and **marketing** guidance on refining messaging and unique selling points.

- Monthly office hour and regular access to VP of **Government Relations** to discuss public affairs and government relations priorities as well as quarterly roundtable meetings with elected city, state, and federal officials.

- Functional workshops led by leading industry service providers on topics such as business formation, corporate governance, customer discovery, investment readiness, grant writing and **up to $10,000/year in business support services** from LACI’s vetted suite of startup-friendly service providers, including legal, accounting, and creative.

- Hands-on curriculum during the first 6-months with LACI and Industry Experts on Market Readiness and Investor Readiness.
Regular opportunities to meet relevant investors and partners via 1:1 introductions and roundtables on campus.

Pitch opportunities at annual pitch and showcase event in front of 100+ angel, venture capital, corporate strategic, and family office investors.

Strategic support from dedicated fundraising advisory team, including our Senior Director of Investment, as well as other advisors.

Eligibility for LACI funding opportunities which include:

- the LACI Impact Fund, LACI’s sidecar follow-on fund for companies in its programs. The fund, which is an independent entity, makes investments that follow on to terms set by a lead investor with an average investment size of $250,000;

- and LACI’s Debt Fund.
Market Access & Visibility

- Regular industry and customer introductions, inbound corporate customer meetings, roundtable/clinic events with key corporate partners like Southern California Edison, LADWP, BMW, Itron.

- Visibility and interface with various local and state agencies through local and statewide events and meetings. Agencies may include: California Energy Commission, California Air Resources Board, California Public Utility Commission, City of Los Angeles, County of Los Angeles.

- Visibility to publicly funded innovation grants and programs including: Caltech FLOW Rocket Fund, CalSEED, CalTestBed.

Pilot Funding & Support

- **Pilot project support for small-scale deployment** through project scoping, monitoring, promotion and analysis as well as eligibility for funding up to **$20,000 in pilot project funding**.

- **Pilot preparation** curriculum including engaging with stakeholders, certifications, contracts, budgeting and case studies, and access to LADOT test bench procurement mechanism.
Access to La Kretz Innovation Campus

Inspired by the creative spirit of the people of L.A., LADWP's La Kretz Innovation Campus (LKIC) is the front door for cleantech innovation in Los Angeles. The Campus serves as the home for LACI and is a hub for incubating startups. LKIC features conference rooms, classrooms, event space, training space, co-working space and a world-class maker space and prototyping center.

- **50% Discount to La Kretz Innovation Campus Membership** with options of Hot Desks, Dedicated Desk or Private Office Space with full campus access including conference rooms.

- **25% Discount to Advanced Prototyping Center** with access to prototyping support in the machine shop, welding lab, electronics lab, and wet lab, and free Autodesk membership. For startups participating in LACI’s APC Fellowship Program, APC membership is free.

- **Free** event space (for one event per year) and training rooms

Perks Platform

- Up to **$150,000 value in additional perks** through exclusive LACI access for subscriptions and memberships to industry resources and memberships such as: Pitchbook, Wood Mackenzie Grid Edge Service (GreenTechMedia), Amazon Web Services, Brex, and Autodesk (through APC membership).

Interviews & Diligence

Review of legal and financial documentation

In-person Interview at LACI

March

Selection & Offer

Final selection of cohort

Onboarding begins March 16

Upon submitting the Initial Application, we will get in touch for a phone interview/screen to check in with you about your submission and the program.
Startups must:

- Have a cleantech solution that addresses one of our priority areas: **Clean Energy**, **Zero Emissions Transportation** and **Smart & Sustainable Cities: Circular Economy**.
- Own or license a novel proprietary technology.
- Have a significant presence (operations or sales) in Southern California with founder or key executive able to attend meetings, workshops and events on campus at short notice.
- Have at least 2 full-time employees.
- Have a working prototype (TRL 4+).
- Commit to attend all curriculum opportunities in first 6 months.

We evaluate based on:

- Technology type, credibility and innovation. Is it identified as a tech priority for LACI? *(see next slide)*
- Investability of a startup based on their market, business model, technology, and competitive advantage.
- Environmental and community impact of the solution.
- Potential for the startup to grow their team, operations and sales in the Los Angeles region and create sustainable jobs.
- Founder and team's coachability, experience, and commitment.
- Startup's commitment to Diversity, Equity and Inclusion.
- Overall fit of startup and team within the LACI community.
LACI is looking at these technologies for 2020 but looks forward to seeing all types of innovation in our three focus areas:

**Clean Energy**
- Technologies that support building efficiency & electrification.
- Software and hardware solutions for vehicle to grid integration for managed charging of fleets and non-fleets and support load growth from millions of EVs hitting the CA market in the next decade.
- Resiliency solutions for disaster prevention and response.
- Innovations building an Internet of Energy to seamlessly and cohesively tie together all grid asset.

**Zero Emissions Mobility**
- Innovative electric vehicle charging solutions enabling rapid EV adoption in multi-unit dwellings (apartments, condominiums, commercial offices) and medium-duty and heavy-duty vehicles.
- Electric, zero emissions medium-duty and heavy-duty goods movement solutions.
- Solutions for zero emissions first-mile and last-mile goods movement.
- Models or solutions that integrate, manage, and/or improve the accessibility of shared mobility options.
- Sophisticated real-time tracking of transportation and mobility data.

**Smart & Sustainable Cities: Circular Economy**
- Digital solutions for monitoring resource use.
- Software and hardware innovations for reducing and tracking waste streams.
- Innovative new materials for textiles, plastics and built environment utilizing post-consumer products and produce zero-waste.
- Technologies for cradle-to-cradle materials management and accountability.
Join us!

The deadline to apply is

January 19, 2020
